

## STAINLESS STEEL POLISH AND PROTECTANT

Stainless Steel Polish & Protectant is a unique oil-in-water emulsion that quickly cleans, shines and protects without scratching. Heavy-duty cleaning agents and surfactants deep-clean, and remove smudges, soil, oil and grease stains, water marks and rust without leaving a greasy film.

### **Physical Properties (Typical)**

Appearance	White liquid that will be aerosolized
Density	8.02 pounds/gallon
Odor	Perfumed
pH	9.75 – 10.35
Specific Gravity	0.96 (Water = 1.00)

### **Directions for Use**

Spray Stainless Steel Polish & Protectant on to any stainless steel surface and wipe it with a dry, clean cloth.

This product does not contain any nonylphenol ethoxylates (NPEs). It is better for the environment and is subject to fewer regulatory restrictions than NPE-containing products.

This product does not contain any phosphates.

Available sizes: 19 oz.
