

Questions and Answers on Rewash Powder Concentrate

Question: “What is unique about Rewash Powder Concentrate?”

Answer: Rewash Powder Concentrate is a concentrated reclaim powder for use in commercial laundry equipment. It is excellent at removing a variety of stains.

Question: “What are all of the uses for Rewash Powder Concentrate?”

Answer: Rewash Powder Concentrate is only for white fabric. It will fade colored fabrics. Rewash Powder Concentrate will easily remove a large variety of stains from white fabrics.

Question: “I am having trouble removing iron and other mineral stains from fabric using Rewash Powder Concentrate. What can I do to fix this?”

Answer: DeVere has a separate product called Rewash Iron-Out Concentrate that is specially formulated to get rid of all iron and other mineral stains from fabric.

Question: “What fragrance does Rewash Powder Concentrate have?”

Answer: This product has a chlorine odor.

Question: “The Safety Data Sheet says that this product is corrosive to metals, but if that’s the case how can it be safe on the inside of a washing machine?”

Answer: The SDS says this because Rewash Powder Concentrate may be corrosive to soft metals like aluminum, but it is completely safe in the washing machine and it will not damage white fabrics.
