

Questions and Answers on Rewash Iron-Out Concentrate

Question: “What is unique about Rewash Iron-Out Concentrate?”

Answer: Rewash Iron-Out Concentrate is a powder that uses oxalic acid to effectively remove iron and other mineral stains from fabric.

Question: “What are all of the uses for Rewash Iron-Out Concentrate?”

Answer: Rewash Iron-Out Concentrate is only for white fabric. It will fade colored fabrics. Rewash Iron-Out Concentrate will easily remove variety of stains, but is specially formulated to be tougher on iron stains.

Question: “I am having trouble removing some non-iron stains from fabric using Rewash Iron-Out Concentrate. What can I do to fix this?”

Answer: DeVere has a separate product called Rewash Powder Concentrate that is specially formulated to get rid of a large variety of stains from fabric with ease.

Question: “What fragrance does Rewash Iron-Out Concentrate have?”

Answer: This product has no odor.

Question: “The Safety Data Sheet says that this product is corrosive to metals, but if that’s the case how can it be safe on the inside of a washing machine?”

Answer: The SDS says this because Rewash Iron-Out Concentrate may be corrosive to soft metals like aluminum, but it is completely safe in the washing machine and it will not damage white fabrics.
