

THAW AND WASH

Questions and Answers on Thaw and Wash

Question: "What is unique about Thaw and Wash?"

Answer: Thaw and Wash is a freeze floor cleaner that will wash away any soils down to -22°F (-30°C).

Question: "What are all of the uses for Thaw and Wash?"

Answer: Thaw and Wash is a detergent blend that will wash away fats, oils, greases and other soils down to -22°F (-30°C) on freezer floors and surfaces. Use this product in meat lockers, walk-in freezers, and other cold storage areas without the need to thaw.

Question: "What is the fragrance of Thaw and Wash?"

Answer: Thaw and Wash has a refreshing lemon scent.

Question: "Is Thaw and Wash safe on all surfaces?"

Answer: Thaw and Wash is safe to use on all metal, concrete, tile, plastic, rubber, silicon, and painted surfaces.

Question: "Is Thaw and Wash sold as a ready-to-use product?"

Answer: Yes. Thaw and Wash is sold ready-to-use so there is no need to dilute it before use.

Question: "What are all of the methods of using Thaw and Wash?"

Answer: Thaw and Wash works with mop, spray and wipe, and floor scrubber applications. Just spray and wipe for all spot cleaning.
