

# CAUSTIC FOAM

## HIGH-FOAM ALKALINE WASH CONCENTRATE

This product is a concentrated, premium, high-foam built liquid alkali detergent. This product is designed for challenging foam and manual cleaning applications where high foam characteristics are desirable. Caustic Foam is strong enough to handle the most difficult soils and cleaning applications. This product is free-rinsing with high-pressure or normal pressure water. This product does not contain chlorine. Sodium hypochlorite bleach can be added to the use dilution to create a powerful chlorinated alkaline foaming cleaner.

### Physical Properties (Typical)

Appearance	Colorless Liquid
Density	9.7 pounds/gallon
Odor	Mild
pH (as is)	>13
Specific Gravity	1.17 (Water = 1.00)

Caustic Foam is designed for use in foaming equipment including wall mounted and portable units.

### Directions for Use

Caustic Foam is designed for use in foaming equipment, including wall mounted and portable units. For foaming in heavy soil conditions, use 1 to 2 oz. of product per gallon of hot water.

- Add 1/2 oz of 12.5% sodium hypochlorite bleach to the Caustic Foam use dilution to create a chlorinated alkaline foaming detergent.

Caustic Foam will work in hard or soft water. Minor adjustments of the air pressure can result in large changes to the foam characteristics.

Caustic Foam does not contain any nonylphenol ethoxylates (NPEs). It is better for the environment and is subject to fewer regulatory restrictions than similar NPE-containing products.

This product does not contain any phosphates.

Available sizes: 5 gal., 55 gal. & 275 gal.
