LIME SOLVENT

Concentrated, moderate-foam acid cleaner and limescale remover

1 oz per 4 gal **1 gal** **Glassware & Fixtures**

Lime Solvent is a concentrated detergent and limescale remover in one, made from a blend of gluconic and mineral acids. It washes glassware by hand, removes hard water deposits and helps prevent water spotting.

FEATURES & BENEFITS

- Detergent and limescale remover in one; no separate wash-sink detergent needed
- Use in the 1st sink with DeVere QDII Sanitizer in the 3rd sink for spot-free glassware
- Removes mineral deposits from sinks, faucets, showers, toilets, urinals, appliances and equipment without abrasion; brightens stainless steel
- Dissolves ice melt residue on no-wax floors
- Contains no nonylphenol ethoxylates (NPEs)

DIRECTIONS FOR USE

Three-compartment sink

1. **1st sink:** wash glassware in 1 oz (29.6 ml) product per 4 gal (15.1 L) of water.
2. **2nd sink:** rinse with clean water.
3. **3rd sink:** sanitize with DeVere QDII Sanitizer according to its label. Let air dry.

Lime build-up on glassware

Use 4 oz (118 ml) product per 1 gal (3.78 L) of water. Soak at least 15 minutes, rinse, then wash thoroughly.

Lime build-up on fixtures

Add 4 oz (118 ml) to a 32 oz (946 ml) spray bottle and fill with water.

Ice melt on no-wax floors

Use 2 oz (59.1 ml) in a 3 gal (11.4 L) mop bucket. Mop, then rinse the floor thoroughly.

PRECAUTIONS

Contact DeVere before use with any questions about material compatibility. Read the Safety Data Sheet before use. Wear the personal protective equipment listed on the SDS.

Read the product label and SDS before use. Typical values, not specifications.

AT A GLANCE

1 oz per 4 gal, wash sink	**4 oz** per gal, lime removal soak
15 min minimum soak, glassware	**2 oz** per 3 gal mop bucket

PHYSICAL PROPERTIES (TYPICAL)

Appearance	Colorless to amber liquid
Odor	Characteristic
pH	<2
Solubility	Complete at recommended dilutions
Specific Gravity	1.07 (water = 1.00)
Density	8.92 lb/gal

AVAILABLE SIZES

1 gal
