

REWASH POWDER CONCENTRATE

CONCENTRATED REWASH POWDER FOR COMMERCIAL LAUNDRY APPLICATIONS

Rewash Powder Concentrate is a concentrated powder for use in the reclaim cycle of commercial washing machines. Our concentrated rewash powder contains organic bleach to effectively remove various stains. For use on white fabrics only. Not for use on colored fabrics. Do not mix Rewash Powder Concentrate with acids.

NOT RECOMMENDED FOR HOUSEHOLD USE
DO NOT MIX WITH ANYTHING BUT WATER
NEVER APPLY DIRECTLY TO FABRIC

Physical Properties (Typical)

Appearance	White powder
Density	8.35 pounds/gallon
pH	11 (1% solution)
Solubility	Complete at recommended dilutions
Specific Gravity	1.00 (Water = 1.00)

Directions for Use

Usage

Reclaim cycle: Use 1 cup of product per 50 lbs. of fabric

Optional presoak in laundry sink: Use 1 cup of product per 5 gals. of water

Procedure

1. Sort washed laundry and separate stained fabrics for rewashing
2. Add Rewash Powder Concentrate to reclaim cycle (or heavy-duty cycle)
3. Wash

NOTE: Inadequate rinsing may cause damage to delicate fabrics

Optional presoak: Soak stained fabrics in presoak solution for 5-6 hours before rewashing

All significant components in Rewash Powder Concentrate are biodegradable. A biodegradability statement is available upon request.

Rewash Powder Concentrate does not contain any nonylphenol ethoxylates (NPEs) and therefore is better for the environment and faces less regulatory restrictions and environmental implications than similar NPE-containing products.

Available sizes: 10 lbs.
