

# REWASH IRON-OUT CONCENTRATE

## CONCENTRATED REWASH POWDER FOR COMMERCIAL LAUNDRY APPLICATIONS

Rewash Iron-Out Concentrate is a concentrated powder for use in the reclaim cycle of commercial washing machines. Rewash Iron-Out Concentrate uses oxalic acid to effectively remove all mineral stains and is specially formulated to be tough on iron stains. Rewash Iron-Out Concentrate may be used with white or colored fabrics.

NOT RECOMMENDED FOR HOUSEHOLD USE  
DO NOT MIX WITH ANYTHING BUT WATER  
NEVER APPLY DIRECTLY TO FABRIC

### Physical Properties (Typical)

Appearance	White powder
Odor	None
pH	2 (1% solution)
Solubility	Complete at recommended dilutions
Specific Gravity	1.00 (Water = 1.00)

### Directions for Use

#### Usage

Reclaim cycle: Use 1 cup of product per 50 lbs. of fabric

Optional presoak in laundry sink: Use 1 cup of product per 5 gals. of water

#### Procedure

1. Sort washed laundry and separate stained fabrics for rewashing
2. Add Rewash Iron-Out Concentrate to reclaim cycle (or heavy-duty cycle)
3. Wash

NOTE: Inadequate rinsing may cause damage to delicate fabrics

Optional presoak: Soak stained fabrics in presoak solution for 5-6 hours before rewashing

Rewash Iron-Out Concentrate does not contain any nonylphenol ethoxylates (NPEs) and therefore is better for the environment and faces fewer regulatory restrictions and environmental implications than similar NPE-containing products.

This product does not contain any phosphates.

Available sizes: 7.5 lbs.
