TILE & GROUT DEGREASER

No-rinse floor and grout cleaner with enzymes

Concentrate **1 gal & 5 gal** **Tile & Grout Floors**

Tile & Grout Degreaser (TGD) is a concentrated floor cleaner for tile and grout. It combines enzymes with detergent to remove food and grease soils and help prevent re-deposition. The enzymes keep working on food and grease soils after cleaning, helping reduce odors and slippery residue.

FEATURES & BENEFITS

- Enzymes and detergent remove food and grease soils
- Helps prevent soil re-deposition
- No-rinse: leave the solution to air-dry
- Contains no chlorine or phosphates

DIRECTIONS FOR USE

General cleaning: 2 oz per gal of cool water (below 120°F/49°C). **Heavy soils:** 8 oz per gal (3.78 L) of cool water.

1. Wipe up spills and sweep the floor.
2. Mop on the solution and let it stand 2 to 3 minutes to penetrate soils.
3. Loosen soils with a stiff-bristled brush.
4. Squeegee or lightly mop excess solution to the drain. **Do not rinse;** let the floor air-dry.

Tip: Run TGD down the drain after cleaning the floor. Its enzymes then work on food and grease soils in the drain and grease trap.

PRECAUTIONS

Read the Safety Data Sheet before use. Wear the personal protective equipment listed on the SDS.

Read the product label and SDS before use. Typical values, not specifications.

AT A GLANCE

2 oz/gal General cleaning	**8 oz/gal** Heavy soils
< 120°F Cool water	**2–3 min** Stand time; no rinse

PHYSICAL PROPERTIES (TYPICAL)

Appearance	Green liquid
Odor	Mild to none
pH (10% in water, wt/wt)	7.2
Specific Gravity	1.00 (Water = 1.00)
Density	8.35 lb/gal

AVAILABLE SIZES

1 gal

5 gal

FORMULATION

Contains no chlorine

Phosphate-free
