QDII SANITIZING WIPES

QDII Sanitizing Wipes (**EPA Reg. No. 6836-340**) clean, sanitize and disinfect hard, nonporous surfaces. Sanitizes non-food-contact surfaces in 15 seconds (*Staphylococcus aureus*, *Klebsiella pneumoniae*, *Campylobacter jejuni*). Disinfects in 4 minutes (Norovirus and Rotavirus: 10 minutes; HIV-1: 1 minute). Alcohol- and bleach-free. Each pre-moistened wipe delivers a consistent amount of quaternary ammonium disinfectant without mixing or measuring.

Physical Properties (Typical)

Appearance	Damp, white wipes
Odor	Lemon
Wipes per Canister	180
Canisters per Case	6

Directions

- Rinse food-contact surfaces with potable water after disinfecting. Do not use on dishes, glassware or utensils. This is an EPA-registered product. Read and follow all label directions. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
