

# Industrial Foamer & Dispenser Systems

*Tired of calling maintenance to rework your old units...?  
DeVere has you covered!*

## Innovative Foamer Solutions

- Built Industrial Tough
- High, thick foam
- High range of mobility
- Ergonomically designed
- Spray, rinse, sanitize options

## Safe Dispenser Systems

- Safe, Accurate dosage
- Wall or cart mounted options
- Quality internal components
- Safe chemical dispensing, every time!
- Multiple product dispensing options

*Expert Service support from DeVere professionals at NO charge!!!*

# DeVere Industrial Foamers & Dispenser Options

### FEATURES and BENEFITS: #901-693T

- Pneumatic tires and plastic frame capable of heavy loads up to 600 lbs. (270 kg.)
- 25 feet (8m) outlet hose and 6 feet (2m) inlet hose on most units
- Spray gun or foam wand included (for spray or foam units)
- Built in hose hangers and secure chemical storage area
- Available with or without air

### FEATURES and BENEFITS: 577 CBSR

- Chemically resistant nylon reinforce fiberglass body on all models (PVDF body for PVDF model)
- CW models feature stainless steel springs • Easily replaceable wear parts • Higher operating ranges from 2.9 PSI to 120 PSI
- Hose barbs with swivel for easy installation

### FEATURES and BENEFITS: #289

- Quick connect for easy removal
- 32-ounce bottle capacity
- Spray gun included
- Perfect for hard to reach equipment
- Quick capacity removal for rinse cycle
- Durable construction for industrial landscape

### FEATURES and BENEFITS: #925N-900N

- Spray, foam, fog, and spray capabilities
- 5-gallon to 30-gallon capacity
- Superior foam characteristics
- 4-wheel design provides easy mobility
- Convenient easy-drain feature for stress free emptying
- 25 feet outlet hose!

# DeVere Industrial Foamers & Dispenser Options

### FEATURES and BENEFITS: Rapid Fire

- Single control knob for 1-2 chemicals, rinse and off ensures only single product at a time use
- Unique flow path for full power 6 gpm (23 L / min.) flow
- Replaceable chemical injector for multiple flow rates
- Stainless steel design holds up to the most extreme environments
- Hose hanger with strain relief eliminates potential dispenser damage

### FEATURES and BENEFITS: Dilution Control Unit

- Dual station for 1-8 products with 2 fill ports each supporting 1-4 chemicals or dilutions
- Remote fill option for easy filling of buckets and scrubbers when location flexibility is required
- One-hand bottle fill allows operator more flexibility when filling spray bottles
- Action Gap and Air Gap backflow options to meet local plumbing agency requirements • 1 gallon-per-minute flow control disc improves dispensing accuracy with ultra-lean dilutions as compared to other dispensing systems • Optional 1 gallon (5L) or 2 liter (1/2 gal.) locking enclosures with built in hinges and drip tray

# DeVere Common DeVere Compatible Chemistries

**Caustic Foam** is a concentrated, premium, high-foam built liquid alkaline detergent. This product does not contain chlorine and is designed for challenging foam and manual cleaning applications where high foam characteristics are desirable. Caustic Foam is strong enough to handle the most difficult soils and cleaning applications. This product is free-rinsing with high-pressure or normal pressure water.

**WOW** All Purpose Cleaner is an alkaline-based liquid concentrate that cleans light soils to heavy grease on all washable hard surfaces. It is safe to use on most floors and is one of the few products that removed black heel marks.

**Chlor-Foam** is a concentrated, premium, chlorinated, high-foam built liquid alkaline detergent. This product is designed for challenging foam and manual cleaning applications where high foam characteristics are desirable. Chlor-Foam is strong enough to handle the most difficult soils and cleaning applications. This product is free-rinsing with high-pressure or normal-pressure water.

**Pure Clean** is an all purpose cleaner that Contains an optimum level of pH-controlled hydrogen peroxide and powerful, free-rinsing surfactants. Use Pure Clean to clean a variety of surfaces quickly and effectively. Pure Clean rapidly penetrates tough soils naturally pulling them into solution so you can wash them away without added corrosive materials.

**Acid Foam NP** is a concentrated, acidic, premium foaming cleaner that does not contain phosphoric acid or phosphates. Acid Foam NP is designed for foaming and manual cleaning applications where a high level of foam is desirable or acceptable. This product will remove mineral contamination and shine stainless steel and other acid-resistant surfaces. Contains a high-level of acidic and chelants to quickly pull minerals off any acid-resistant surface.

**Liquid Cleaner** is a concentrated, pH-neutral all-purpose cleaner for washable hard surfaces. It is free-rinsing, leaves no film and has a pleasant scent. This general-purpose cleaner is ideal for use in food processing, food service and other industries where cleaning and rinse-ability are critical. Liquid Cleaner works for cleaning of all floor types, as it contains no harsh chemicals to dull floor finishes.
