

ACID FOAM

HIGH-FOAM ACID WASH CONCENTRATE

Acid Foam is a concentrated, premium, high-foam liquid acid detergent. This product is designed for challenging foam and manual cleaning applications where high foam characteristics are desirable.

Acid Foam contains phosphoric acid and is safe for use on stainless steel as well as most soft metals. This product is strong enough to handle the most difficult soils and cleaning applications. This product is NPE-free and free-rinsing with both high-pressure and normal pressure water.

Physical Properties (Typical)

Appearance	Deep purple liquid
Specific Gravity	1.2 (Water = 1.00)
Density	10 pounds/gallon
Odor	Mild to none
pH (1% solution)	< 2

Acid Foam is designed for use in food production and other manual cleaning applications where soils consist mostly of minerals.

Directions for Use

Acid Foam is designed for use in foaming equipment, including wall mounted and portable units. For foaming in all conditions, use 2 oz. of Acid Foam per gallon (1.6% by volume) of warm or hot water. Use the same concentration for bucket-and-brush foam cleaning

Acid Foam does not contain any nonylphenol ethoxylates (NPEs). It is better for the environment and is subject to fewer regulatory restrictions than NPE-containing products.

Available sizes: 1 gal., 5 gal. & 55 gal.
