

BOOST LAUNDRY DETERGENT

HIGH-EFFICIENCY DETERGENT FOR USE IN LAUNDRY APPLICATIONS

Boost Laundry Detergent (BLD) is a concentrated laundry detergent for use in commercial laundry washing machines. BLD combines surfactants and emulsifiers for superior soil removal that is especially effective on grease and oil-based stains. BLD contains whiteners to brighten both whites and colors. BLD has a moderate foam profile suitable for use in efficient or conventional washing machines.

Physical Properties (Typical)

| | |
|------------------|-----------------------------------|
| Appearance | Red Liquid |
| Density | 8.4 pounds/gallon |
| Odor | Fresh Clean |
| pH | 8 |
| Solubility | Complete at recommended dilutions |
| Specific Gravity | 1.01 (Water = 1.00) |

Directions

Procedure

Presort laundry by color, fabric type and soil load; add product to wash cycle

Usage

- Light Soil: Use 2 ounce per 50 pounds of fabric
- Heavy Soil: Use 4 ounces per 50 pounds of fabric
- Very Heavy Soil: Presoak fabrics using $\frac{1}{4}$ - $\frac{1}{2}$ ounces per 4 gallons of warm water

All significant components in Boost Laundry Detergent are biodegradable. A biodegradability statement is available upon request.

Boost Laundry Detergent does not contain any nonylphenol ethoxylates (NPEs). It is better for the environment and is subject to fewer regulatory restrictions than similar NPE-containing products.

Boost Laundry Detergent does not contain any phosphates.

Available sizes: 1 gal. & 5 gal.
