

BOOST SOUR PLUS SOFTENER

CONCENTRATED LAUNDRY SOUR AND SOFTENER IN ONE PRODUCT

Boost Sour Plus Softener (SPS) combines sour and softener in one product for use in commercial laundry washing machines. SPS softens fabrics, reduces static and fabric cling, neutralizes alkalinity, reduces iron discoloration, prolongs fabric life and keeps linens white and bright. SPS leaves fabrics with a fresh, clean scent.

Physical Properties (Typical)

Appearance	Green Liquid
Density	8.59 pounds/gallon)
Odor	Characteristic
pH	3
Solubility	Complete at recommended dilutions
Specific Gravity	1.03 (Water = 1.00)

Directions for Use

Presort laundry by colors, fabric type and soil load

- Use 1.5 oz. (44.3 ml) SPS per 50 lbs. (22.7 kg) of fabric
NOTE: Amount may vary due to water conditions
- Wash & Add SPS to last rinse cycle

Boost Sour Plus Softener does not contain any nonylphenol ethoxylates (NPEs) and therefore is better for the environment and faces fewer regulatory restrictions and environmental implications than similar NPE-containing products.

Boost Sour Plus Softener does not contain any phosphates.

Available sizes: 5 gal.
