

## CHLOR CIP

### LOW-FOAM CHLORINATED ALKALINE DETERGENT

This product is a concentrated, premium, chlorinated, low-foam built liquid alkali detergent. This product is designed for clean-in-place and other cleaning applications where alkalinity and chlorine are required.

Chlor CIP is strong enough to handle the most difficult soils and cleaning applications. This product is free-rinsing with even moderate water flow. This product contains a high-level of sodium hypochlorite bleach to improve cleaning efficacy in a variety of conditions.

#### Physical Properties (Typical)

Appearance	Yellow Liquid
Density	9.67 pounds/gallon
Odor	Chlorine
pH (as is)	>13
Specific Gravity	1.16 (Water = 1.00)

Chlor CIP is designed for use in food production and other stainless steel pipeline systems.

#### **Directions for Use**

Chlor CIP is designed for use in food production and other stainless steel pipeline systems. For best results in heavy soil conditions, use 0.5 to 1 oz. of product per gallon of hot water. Divert wash solution to drain while water temperature is in excess of 120°F (49°C).

Chlor CIP does not contain any nonylphenol ethoxylates (NPEs). It is better for the environment and is subject to fewer regulatory restrictions than NPE-containing products.

This product does not contain any phosphates.

Available sizes: 5 gal. & 55 gal.
