

## CHLOR FOAM

### CONCENTRATED, PREMIUM, CHLORINATED, HIGH-FOAM BUILT ALKALINE DETERGENT

Chlor Foam is designed for challenging foam and manual cleaning applications where high foam characteristics are desirable. This product is strong enough to handle the most difficult soils and cleaning applications. Chlor Foam is free-rinsing with high-pressure or normal pressure water. This product contains a high-level of sodium hypochlorite bleach to improve cleaning efficacy in a variety of conditions.

#### Physical Properties (Typical)

Appearance	Yellow Liquid
Density	10.26 pounds/gallon
Odor	Chlorine
pH (as is)	>13
Specific Gravity	1.23 (Water = 1.00)

Chlor Foam is designed for use in foaming equipment including wall mounted and portable units.

#### Directions for Use

- Chlor Foam is designed for use in foaming equipment, including wall mounted and portable units. For foaming in heavy soil conditions
  - Use 1 to 2 oz. of product per gallon of hot water.

Chlor Foam does not contain any nonylphenol ethoxylates (NPEs). It is better for the environment and is subject to fewer regulatory restrictions than similar NPE-containing products.

Chlor Foam will work in hard or soft water. Minor adjustments of the air pressure can result in large changes to the foam characteristics.

Available sizes: 5 gal., 55 gal. & 275 gal.
