

BOOST OXYGEN BLEACH

Boost Oxygen Bleach is a concentrated non-chlorine bleach formulated for use in commercial laundry equipment. It effectively removes oxidizable stains and soils while also eliminating odors. This product is safe for use on colored fabrics and will also prolong the life of textiles with proper use.

Physical Properties (Typical)

Appearance	Colorless liquid
Odor	Mild to none
Specific gravity	1.11
Density	9.3 pounds/gallon
pH (1% solution)	3

Directions for Use

Before washing, sort laundry by color, separating dark fabrics from light and white fabrics.

Wash heavily soiled fabrics separately from moderately and lightly soiled fabrics. Add fabrics to washing machine, then add directed amount of product to washing machine and begin the wash cycle.

LIGHT SOIL:	Use 1-ounce* per 50-pounds of fabric
MEDIUM SOIL:	Use 2-ounces* per 50-pounds of fabric
HEAVY SOIL:	Use 4-ounces* per 50-pounds of fabric

*Amount may differ due to water hardness.

*Do not apply directly to fabrics.

Boost Oxygen Bleach does not contain any nonylphenol ethoxylates (NPEs). It is better for the environment and is subject to fewer regulatory restrictions than NPE-containing products.

This product does not contain any phosphates.
